

# SILVERSTONE

## MATERIAL HANDLING

### HPG20S | Galvanized, 2000 kg

The galvanized pallet truck is a low cost alternative to the stainless steel truck. The warm galvanized truck can "heal" small scratches which mean less corrosion. Equipped as the stainless steel truck plus grease nipples.

### HPL20S | Low profile, 1000 kg

This low profile pallet truck is only 35/51 mm high in its lowest position. Used for extra low pallets. Reinforced forks and chassis enables this low profile version. The HPSL20S has forkwheels of steel while the HPL20S has PU.

#### TECHNICAL INFORMATION

| Art.no  | Capacity (kg) | Fork width (mm) | Fork length (mm) | Fork height min/max (mm) | Weight (kg) | Steering wheel | Fork wheels  | Price |
|---------|---------------|-----------------|------------------|--------------------------|-------------|----------------|--------------|-------|
| HPG20S  | 2000          | 540/160         | 1150             | 85/205                   | 75          | Nylon          | Boggie Nylon |       |
| HPL20S  | 1000          | 540/160         | 1150             | 51/175                   | 72          | PU             | Boggie PU    |       |
| HPSL20S | 1000          | 540/160         | 1150             | 35/90                    | 70          | PU             | Steel wheels |       |

\* Polyurethane wheel = PU
