ORDER PICKING AT HIGH HEIGHTS

Silverstone CK-05 solves many of the high altitude problems and tasks that you may face when working in industry, warehouse and retail shops. Order picking up to 6,3 m is no problem.

CK-05 is simple and easy to maneuver thanks to the electric steering and well-designed controls. CK-05 only needs 1,8 meter wide aisle to make a U-turn.

Maintenance work on high levels often means bulky and wobbly ladders in action and yet stability and space is limited. With Silverstone CK-05 you drive around smoothly and easily with space for both materials and tools on board. Do you need to move around the properties while towing one or many carts? No problem, CK-05 solves this task with elegance and safety. CK-05 is equipped with non-marking polyurethane wheels.
